

Project Cost Review: Optimizing Your Cost Basis

Want to optimize your cost basis for a project or a portfolio of projects, in particular in the current industry context? We offer a specific intervention based on our deep experience in Project Management and Project Procurement enhanced by a proprietary analysis approach aimed at reviewing and optimizing your cost basis:

- Overall Project and Project Portfolio cost optimization analysis,
- Project Procurement Strategy elaboration,
- Procurement plans optimization (market and project-specific strategic approach at package level, tactical bidding recommendations (timing, format)),
- Market analysis and rebate negotiation with vendors,
- Reverse Market analysis for Company overall Portfolio.

We place a particular emphasis in providing you with practical recommendations that are directly actionable, and we prioritize them so that you can focus your energy on the 2 or 3 actions that will really create significant short term savings at Project or Portfolio level.

Options

We always provide options to you so that you can chose what fits best the value you are expecting. All options include restitution to management and a written report.

Our most popular options for include:

- A – Single Project comprehensive cost review at the project management office (typically involves 2-3 days site work for 2 consultants),
- B – same as A, plus in-depth analysis of the contracting process and strategy and identification of process pinch points to optimize the procurement process,
- C – Company Project Portfolio comprehensive review (duration and effort depends on portfolio size and variety),
- D – Tender to Award support for critical packages,
- E – Reverse marketing analysis for Company overall portfolio.

We recognize that to be effective, our interventions will involve access to confidential business information and make it a point to treat all information provided to us with the utmost confidentiality and integrity.

Pricing structure

The pricing of our Project Cost Review is based on a lump sum. We can also consider incentive-based compensation based on realized savings. Contact us for a quote for your particular location and setting.
